Capstone_Final_Report

Your Name

Date

Introduction

Background of the project...

Objectives...

Data Collection and Preparation

Sources of data...

Data cleaning and preprocessing steps...

Exploratory Data Analysis

Key insights from the data...

Visualizations...

Modeling

Model selection...

Training and evaluation...

Performance metrics...

Findings and Recommendations

Key findings from the model...

Recommendations for stakeholders...

Conclusion

Summary of the project...

Future work and improvements...

Appendix

Any additional information or code snippets...
